## Rules and regulation of parents Teacher Association

The role of education for the betterment of the society cannot be neglected. In order to function effectively for the students welfare , It is important for the both teachers and parents come together. This is well achieved by the parent teacher association (P.T.A) in school. The importance of the PTA cannot be given a deaf ear. A I INTERNATIONAL SCHOOL in Nurmahal understand this aspects and offers parent teacher association.

### Aim of the PTA

1. To build a strong relationship between parents and teachers.
2. To support the school in providing quality education.
3. To create a platform for parents and teachers to discuss student progress and school matters.
4. To involve parents in the development of the school and its activities.
5. To improve the overall learning environment of the school.

### Objectives of the PTA:-

1. To encourage communication between parents, teachers, and school management.
2. To identify and solve problems related to academics, discipline, and welfare of students.

3. To organize educational programs, seminars, and workshops for students and parents.
4. To support extracurricular activities like sports, cultural events, and celebrations.
5. To help in the development of school infrastructure and other needs (if funds are available).
6. To promote awareness among parents about child psychology, learning methods, and modern education trends.
7. To help maintain discipline, cleanliness, and safety in the school.
8. To act as a bridge between school and home for better student growth. Parents surely want to know everything is going on well in the school, including the working staffs and the school management.

The same goes with the teachers too. So the PTA in FMIPS works together towards creating a friendly and amiable atmosphere for the students.

On the part of parents and being part PTA, it helps the parents to know how the school works, problems faced by the children, and so on. The PTA works towards improving and enhancing the life of the students and the school as the whole.

Keeping in mind these aspects, **A I INTERNATIONAL SCHOOL** consider having a parent teacher association and leaves no stone Unturned and encourage more and more parents suggestion and feedback for improving the school system effective and meaningful in every aspect of learning.

The members in our PTA are listed above with designation and their profession.
